

## Tallie and Practice Engine Partner to Provide Leading Expense Management for Top U.S. Accounting Firms

SAN FRANCISCO--(BUSINESS WIRE)--Tallie, the leading SaaS [expense management](#) innovator and Practice Engine, a major supplier of practice management systems to professional firms worldwide, have combined their solutions to allow companies to manage corporate expenses by their employees through a convenient, cloud-based expense management system. Tallie will be demonstrating the integration at the [Practice Engine Experience](#), the Practice Engine open conference, taking place May 7th-8th, 2015 in Tampa, Florida.

“We are very excited about this partnership, which combines the unique power of Tallie together with our leading practice management system that can be accessed from anywhere and on any device,” said Mike Francis, the Founder & CEO of Practice Engine. “Our clients’ team members can now create and submit their [expense reports](#) for approval on the fly, without having to bring a stack of receipts back to the office, and do so in a fraction of the time.”

“This partnership with Practice Engine represents a major workflow advancement that delivers immediate ROI to some of the biggest names in the accounting industry,” said Chris Farrell, CEO of Tallie. “We are proud to provide firms this clear-cut solution that benefits both approvers and end users.”

Tallie is an efficient, accurate expense reporting and management system that collects and categorizes expense data automatically, saving time and money for businesses. It automates the expense reporting process with smart features such as rapid receipt processing, auto-categorization of expenses and credit card/receipt auto-match. Clients receive immediate policy alerts for stronger fraud prevention and its industry-leading

accounting and bill pay software integrations provide the most compelling expense solution in the marketplace.
